## Degreasing detergent for washable surfaces

TDS Nettoclean - E1R0.0917 Page 1 of 1

**NETTOCLEAN** is an effective degreaser that is active on all types of dirt and is suitable for cleaning all hard surfaces.

In the institutional sector it is applied as a degreaser for floors, stairs, showers, toilets, tiles, washbasins, bathtubs, lacquered furniture, etc.

In the catering and food industry it is ideal for degreasing floors of the kitchen and industrial cooking departments or other industrial facilities where there are residues of animal and vegetable fats.

Its balanced formula, based on energetic surfactants and degreasing solvents, makes **NETTOCLEAN** a unique product that works efficiently, quickly and economically on any kind of dirt.

**THE PRODUCT IS SUITABLE FOR USE IN FOOD INDUSTRIES**  
(compliant with EC regulations 178/2002 and 852/2004 in full respect of the application of the H.A.C.C.P. plan)

### Physical and chemical properties

Appearance:	liquid
Colour:	green
Odour:	carachteristic, of pine
Density @ 20°C:	~1.050 g/ml
pH @ 20°C (as is):	~10.20

### Dosage and methods of use

For general daily cleaning, dilute 30-100 g of NETTOCLEAN in 10 liters of water depending on the degree of dirt.

In the presence of stubborn dirt such as oil, fat, blacks heel marks, etc. use the pure product or a higher concentration and rinse carefully.

The product can also be used with automatic floor scrubbers.
